

What is The Fairlawns Low Ropes CHALLENGE?

Many of today's most successful organisations incorporate outdoor training in to their staff development programmes. They have found that a break from the meeting room to undertake real tasks with real consequences provide an experience with lasting results - enter **The Fairlawns Low Ropes Challenge**

In many cases these companies have had to ask participants to travel for many miles and often had to make compromises with regard to hotel and leisure facilities, but not any more! You can now choose the comfort of Fairlawns and make full use of superior hotel, meeting, leisure and spa facilities while still sharing the experience of outdoor team development activities with your colleagues. Our central location will enable you to make more of the time available to your people.

The course is in a secluded part of our grounds with access to a shelter for briefing and (weather permitting) a picnic or barbeque lunch. Elements are close to the ground so the perceived risk is low, but still challenging to complete. Participants walk tightropes, negotiate obstacles, climb walls, and pass team mates through a giant web, gradually expand their comfort zones (sometimes dramatically) and recognise fears that may block personal and professional achievement.

It needn't just be for your own people either why not use **The Fairlawns Low Ropes Challenge** to help you build relationships with customers or suppliers before enjoying a visit to the Spa, a game of golf at the famous Little Aston Golf Club, a convivial evening of award winning cuisine and a good nights sleep?
